

International Conference

Ms. Vibhuti Singh

In-charge International Student Cell, Delhi Public School, Bopal attended International College & Career Counselling Conference held at Mumbai on 31st August and 1st September. The main aim of the conference was to transform lives globally through career and college counselling. The conference was designed as an endeavour to redouble efforts to help young people grow up to be "happy beings" through mindful

career and college choices. Both the days began with a morning session on mediation by world renowned masters Dr. Newton Kondaveti and Dr. Lakshmi J.V helping the delegates to start the day energized through acquisition of knowledge of spiritual science. During the course of the conference 32 sessions were organized to present various topics in depth, share perspectives through slides, expert discussion focusing on coming up with innovative solutions. Some of the sessions were as listed below-

- An Introduction to Career Profiling
- Decoding the Holistic College Admission Procedure
- 2020 Vision: Forecasting Employment Growth
- Next Wave for India: Community College Transfer to Top Universities
- The Redesigning SAT-Results so far and Helpful Tools and Resources for Counsellors
- How Leading High Schools Prepare Students for Undergraduate Education?
- How Do We Do It? A Behind the Scenes- Recruitment and Application Review

Special invite speakers and session speakers included eminent educators, admission officers and college counsellors from all over the world. The networking breaks inbetween the sessions helped the delegates to interact with each other and exchange ideas. The conference hosted a University Fair where about 80 universities from U.S., Australia, Canada, U.K., Hong Kong, Hungary, Switzerland, France, Singapore and India participated. High school delegates of 90 schools from different parts of India as well as Indonesia, Thailand, Singapore, UAE and Vietnam participated in High School Fair. Delhi Public School, Bopal also set up a table in the High School Fair. This fair helped high school counsellors to fill in the knowledge gaps and update their skills and university representatives to understand the curriculums and functioning of national schools. IC3 Conference provided a platform that brought together school leaders, college counsellors and university representatives to collaborate and drive sustainable practices that will guarantee student success.
