

EDUCATION USA-PATH TO IUPUI

The New Year started with another interactive session for students aspiring to higher education in the U.S, as Delhi Public School-Bopal welcomed back its Alumnus Mr. Aakash Savita to the campus in order to represent his university: Indiana University-Purdue University Indianapolis. An informative session was organized by International Student Cell for senior students registered in ISC on 3rd January to familiarize them with plethora of courses available at IUPUI. IUPUI offers more than 350 majors covering a wide variety of subjects and topics along with offering a greatly diverse environment on and off the campus. Mr. Aakash also suggested students to look for criterions of ranking according to their specific choices as to get accurate results. He shared that *'The experience has made him a different person'* Mr.Aakash also stated that doing an under graduate course abroad, will give students more time to settle and acclimatize and also provide an edge over other students. He briefed the students about the admission procedure and apprised students regarding splendid internships offered by IUPUI, especially for those pursuing medicine. He also shared a PPT that helped students to explore available under graduate programmes, respective eligibility requirements and application procedures to the university. He concluded by wishing each student good luck.
