

STUDENT ORIENTATION SESSION

The International Student Cell session, conducted on the 29th of June, 2016, by Ms. Suman Trivedi, was a very informative seminar on the process of applying for Undergraduate Programs outside the country.

Ms. Trivedi started off the session by going through the procedure of applying for institutes abroad. She emphasized on how good behaviour and attitude of the candidate is crucial. A good portfolio is one which comprises all of the student's skills and achievements; participation in other co-curricular activities, internships and jobs, a letter of recommendation is also required. A passing score in the SAT Examination, is a must for every applicant. The school offers coaching and mock exams for the same, to train students for such examinations.

The students who have participated in this Cell were enlightened by the talk, and surely appreciate the efforts put in by the management and teachers of Delhi Public School, Bopal.
