

REPORT ON

“NON-DIRECTIVE PLAY THERAPY WORKSHOP

Date: 11th September, 2017

Play Therapy workshop was conducted with Prerna teachers in ground floor classroom on 11th September, 2017 for teachers & counseling department enrichment. I attended this three-day workshop when I was in Navrachana School, Vadodara, we as a team of Counsellors called Ms Laxmi Parmeshwar from U.S to conduct the workshop for teachers & Counsellors

It started with an introduction of the sensitization with students in the classroom & tools & techniques were been shared for the teachers- counsellors to be done with the students. Parent – teacher implication & positive rapport was been discussed that’s the need of the hour for our growing children. (Wanted to do an activity & icebreaker but teachers was in limited number, as that icebreaker at least needs more than 10teachers)

Ms Khushboo Baxi

Section Counselor (III to V)
