

Green School Activities @ DPS-Bopal Campus

ACTIVITY : PLEDGE - LESS PLASTIC

The use of plastic in almost everything has led to such humongous piles of indecomposable waste matter creating real hell of debris on land and in water. The need of the hour is to replace plastic with environmental friendly materials. [Click to view](#)

Beat Plastic Pollution

Did you know?

- Every Year the world uses 500 billion plastic bags
- In the last decade, we produced more plastic than the whole last century
- 50% of the plastic we use is single use or disposable
- We buy 1 million plastic bottles every minute
- Every year, we use 17 million barrels of oil to produce plastic bottles for our water
- In 2016, 480 billion drinking bottles were sold worldwide
- Plastic makes up 10% of all of the waste we generate

**If you can't reuse it,
REFUSE IT**

Earth Hour – 2018

Earth Hour, organized by WWF, is a global grassroots movement uniting people to take action on climate change and protect the planet. Engaging a massive mainstream community, Earth Hour was famously started as a light out event in Sydney, Australia in 2007. The concept of Earth Hour is based upon conserving energy, and hence, opting for a sustainable future. Earth Hour is a great opportunity to engage students and staff alike with issues relating to the Earth and sustainability and also make these messages heard in our community.

Delhi Public School, Bopal, has been observing 'Earth Hour' for the past 9 years spreading awareness in the community at large. The students put up posters across the school which inspires everyone to actively join towards this global drive. Beautiful banners and posters made using 100% recycled paper and were placed in almost all the prime locations of the school campus. A text message was sent to all parents and staff reminding them about Earth Hour.... [Click to view](#)
