

Date: 11/03/20

Dear Parents

We are all gearing up and elated for the beginning of the new academic session 2020-21 for classes X and XII from 12th March 2020. At the onset of the new academic session, it is indeed a great pleasure to have the students back to school. Along-side, we are all aware of the globally alarming and spread of COVID-19 and it is our utmost concern to put the health and safety of our students first. Hence, we all need to put collective efforts and precautionary measures for our students and the school community.

Kindly make note of the following points:

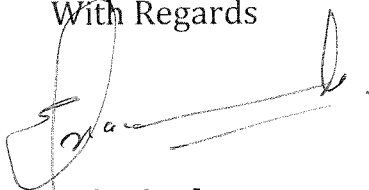

- The students with any extreme viral flu, pneumonia like symptoms (fever, cold, cough, sneezing etc) are requested to avoid attending the classes.
- The students are requested to wear face mask, carry sanitizers and tissue papers to school if suffering from minor seasonal symptoms of cold and cough.
- Keeping in mind the travel advisory, any student, parent or any immediate family member of the student who has recently visited any foreign country or a region where COVID-19 is spreading in last 28 days is requested to inform school immediately and refrain from attending the classes.
- In case any student who may show the above symptoms at the school campus he/she may not be permitted entry to the class.

As precautionary measures, students are requested to kindly follow the Do's and Don'ts as prescribed by the Ministry of Health, various health agencies and school.

Stay protected stay healthy

Looking forward for cordial support and co-operation from one and all.

With Regards

Principal
